FISCAL YEAR 2011-2014 STATEWIDE TRANSPORTATION IMPROVEMENT PROGRAM

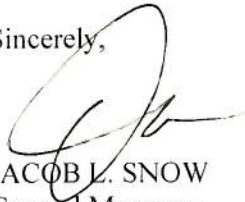

Dear Ms. Martinovich: 

On behalf of the Regional Transportation Commission of Southern Nevada (RTC), I am requesting that the Statewide Transportation Improvement Program (STIP) be amended to reinstate the purchase of the bike lockers for the electric bike pilot project in fiscal year 2011 in the amount of \$40,000 in Congestion Mitigation and Air Quality Funding. This project was previously scheduled in the fiscal year 2010 of the 2010-2013 STIP. Details of the amendment are attached. This amendment is in accordance with the Nevada Department of Transportation and RTC's jointly adopted process.

This amendment is consistent with the FY 2009-2030 Regional Transportation Plan and is exempt from air quality conformity analysis under Title 40 Part 93.126. Please incorporate this amendment in the STIP and forward it to the Federal Highway Administration for approval.

Please call Mohammad Farhan, Principal Transportation Planner, at 702-676-1736 if you have any questions or need additional information.

Sincerely,

JACOB L. SNOW
General Manager
