Neighborhood Traffic Safety Study Public Information Meeting

The Regional Transportation Commission of Southern Nevada (RTC) is working with Clark County Public Works to improve neighborhood traffic safety and livability within your neighborhood. The study area includes Lindell Road and Torrey Pines Drive from Desert Inn Road to Sahara Avenue and Edna Avenue from Rainbow Boulevard to Decatur Boulevard.

The public is invited to review exhibits illustrating potential alternatives for traffic safety within the neighborhood based on public input received during the March 2011 Public Information Workshops. There will be representatives from the RTC and Clark County to provide information and answer questions relative to the study.
